TARUNA ASTHANA

Looking forward to build my career in information technology sector.

"Looking forward to an entry-level position to kickstart my career. I am adaptable and a quick learner. I can assure you of my professional and personal growth because I have what it takes to forge a successful path for both the company and my future."

Project's

1. Event Management

- **An event management website developed using HTML, CSS, Bootstrap, JavaScript, and TypeScript.**
- **This project enables users to plan and manage various events, featuring responsive design, event listings, and user interaction functionalities.**

2. Portfolio

- **A personal portfolio website created using React.js., showcasing my projects, skills, and contact information.**
- **The website features a responsive design, interactive UI, and modern web development techniques to provide an engaging user experience.**

3. My Portfolio

- **A personal My_Portfolio website created using React.js.**
- **Another personal portfolio website created using React.js, designed to highlight my web development skills and projects. This site emphasizes responsive design, intuitive navigation, and an appealing user interface to effectively present my professional profile.**

4. Apparent

- **A clone of Apparent Technologies Inc. official website built using HTML, CSS, and JavaScript.**
- **The website showcases the company's services and expertise, featuring sections like Home, About, Services, and Contact, all designed to be responsive and user-friendly.**

5. Amazon Clone

- **A fully functional e-commerce website clone of Amazon, developed using HTML, CSS, and JavaScript.**
- **This project replicates key features such as product listings, navigation menus, and responsive design, offering users a seamless shopping experience.**

6. Handling Form Submission

- **A project focused on handling form submissions using Java and Spring Boot.**
- **It demonstrates the process of capturing user input through forms, processing the data on the server side, and providing appropriate responses, thereby illustrating effective form handling in web applications.**

7. Easy Go SMS - (Academic Projects)

- **S.H.E.A.T College of Engineering Varanasi**
- "Working on a project named **Easy Go SMS, "Short Message Services",** SMS is used to send text message to mobile phones. The messages can typically be up to 160 char. in length, through some services use 5-bit mode, which support 224 characters. "

Educational Background

M.Tech - Computer Science & Education (CSE)

Dr. A.P.J. Abdul Kalam Technical University, Uttar Pradesh, Lucknow
December 2023

- Saraswati Higher Education & Technical College of Engineering, Varanasi, India
- **1st Division (88%)**

B.Tech - Computer Science & Education (CSE)

Dr. A.P.J. Abdul Kalam Technical University, Uttar Pradesh, Lucknow 2020

- Saraswati Higher Education & Technical College of Engineering , Varanasi, India
- **1st Division (70%)**

Educational Background

Senior Secondary (XII)

SSGGAIC Bhartipur, Palahna, Azamgarh, Palahna, Azamgarh 2014

- **U.P. Board**
- Major Subjects - Physics , Chemistry, Mathematics, English, Hindi, Computer
- **1st Division (75%)**

Secondary (X)

Radha Krishna IC Kharihani, Azamgarh, Kharihani, Azamgarh 2012

- **U.P. Board**
- Major Subjects - Science, Ssc., Mathematics, English, Hindi, Art & Computer
- **1st Division (86%)**

M.Tech Thesis

Thesis
Techniques For Removing Obstacles Like Rain Drops, Reflections And Fences, From The Digital Image Using Pattern Recognition Method.

Dissertation
Pattern Recognition Based Techniques For Removing Fences, Glass Reflections And Rain Drops From The Scene.

Research Paper

Paper 1
" Survey Of Available Techniques For Removing Obstacles Like Rain Drops, Fences, Reflections Using Pattern Recognition Method. "
(IJSRST) 22-Jan-2023

Paper 2
" Development Of Techniques For Clearing Obstacles From Image By Pattern Recognition Method. "
(IJSRST) 02-Feb-2023

Industrial Training

Worked on Live Project - Web Design & PHP (Front-End Developer)
AT Deoity System The complete IT Solution, Noida, UP, India 2016
(6 weeks)
